CF Card Protection System

The JETT®•HATCH Compact Flash (CF) Card Protection System is the perfect solution for those who use CF-based peripherals with their JETT® hand held computers and need to maintain a high IP rating as an integral part of their application.

With the JETT•HATCH, Two Technologies is able to thoroughly seal standard CF-based peripherals (such as WLAN and Bluetooth® CF cards) and larger CF-based peripherals (such as GPS, and GPRS CF cards) in the JETT and offer a total IP65 solution. Two Technologies can also custom design a HATCH to your specific requirements.

Rugged by design, the JETT•HATCH extends the JETT's ability to be customized while maintaining integrity as a rugged device. Now you can design your customized solution around a CF-based peripheral without having to forgo IP65 durability. Even in some of the most demanding conditions, Two Technologies makes "Hand Held Computers • Your Way" a reality.

**Built-in CF Slot is standard on the:**  
JETT®•ce, JETT®•RFID+, & JETT®•XL™.

As with all of Two Technologies products, the JETT•HATCH can be customized to match your color requirements.

It can also be modified to fit other specific requirements, such as antennas and cabling.

Antenna compatible (SMA connector).

Audio pass through connector (optional).

### The IP rating system

IP stands for *Ingress Protection*. The rating's first digit e.g. relates to the ingress protection against dust. The second digit relates to the ingress protection against water:

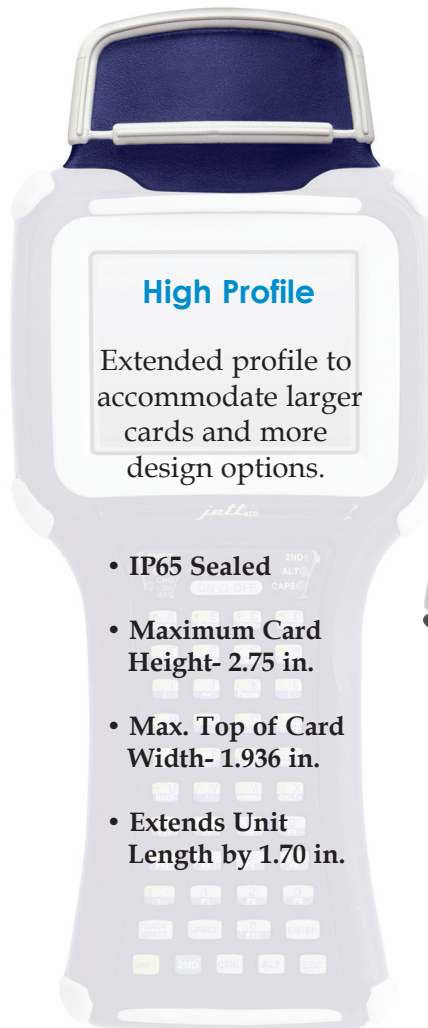

<b>6</b>	Dust-tight — No ingress of dust.
<b>5</b>	Protected against water jets. Water projected from a nozzle against the enclosure from any direction shall have no harmful effect.

### Low Profile

More compact profile for a sleeker look and feel while still able to accommodate an array of design options.

- IP65 Sealed
- Maximum Card Height- 1.687 in.
- Max. Top of Card Width- 1.936 in.
- Extends Unit Length by .593 in.

### High Profile

Extended profile to accommodate larger cards and more design options.

- IP65 Sealed
- Maximum Card Height- 2.75 in.
- Max. Top of Card Width- 1.936 in.
- Extends Unit Length by 1.70 in.

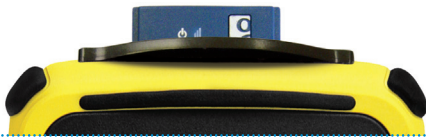

Antenna compatible (SMA connector).

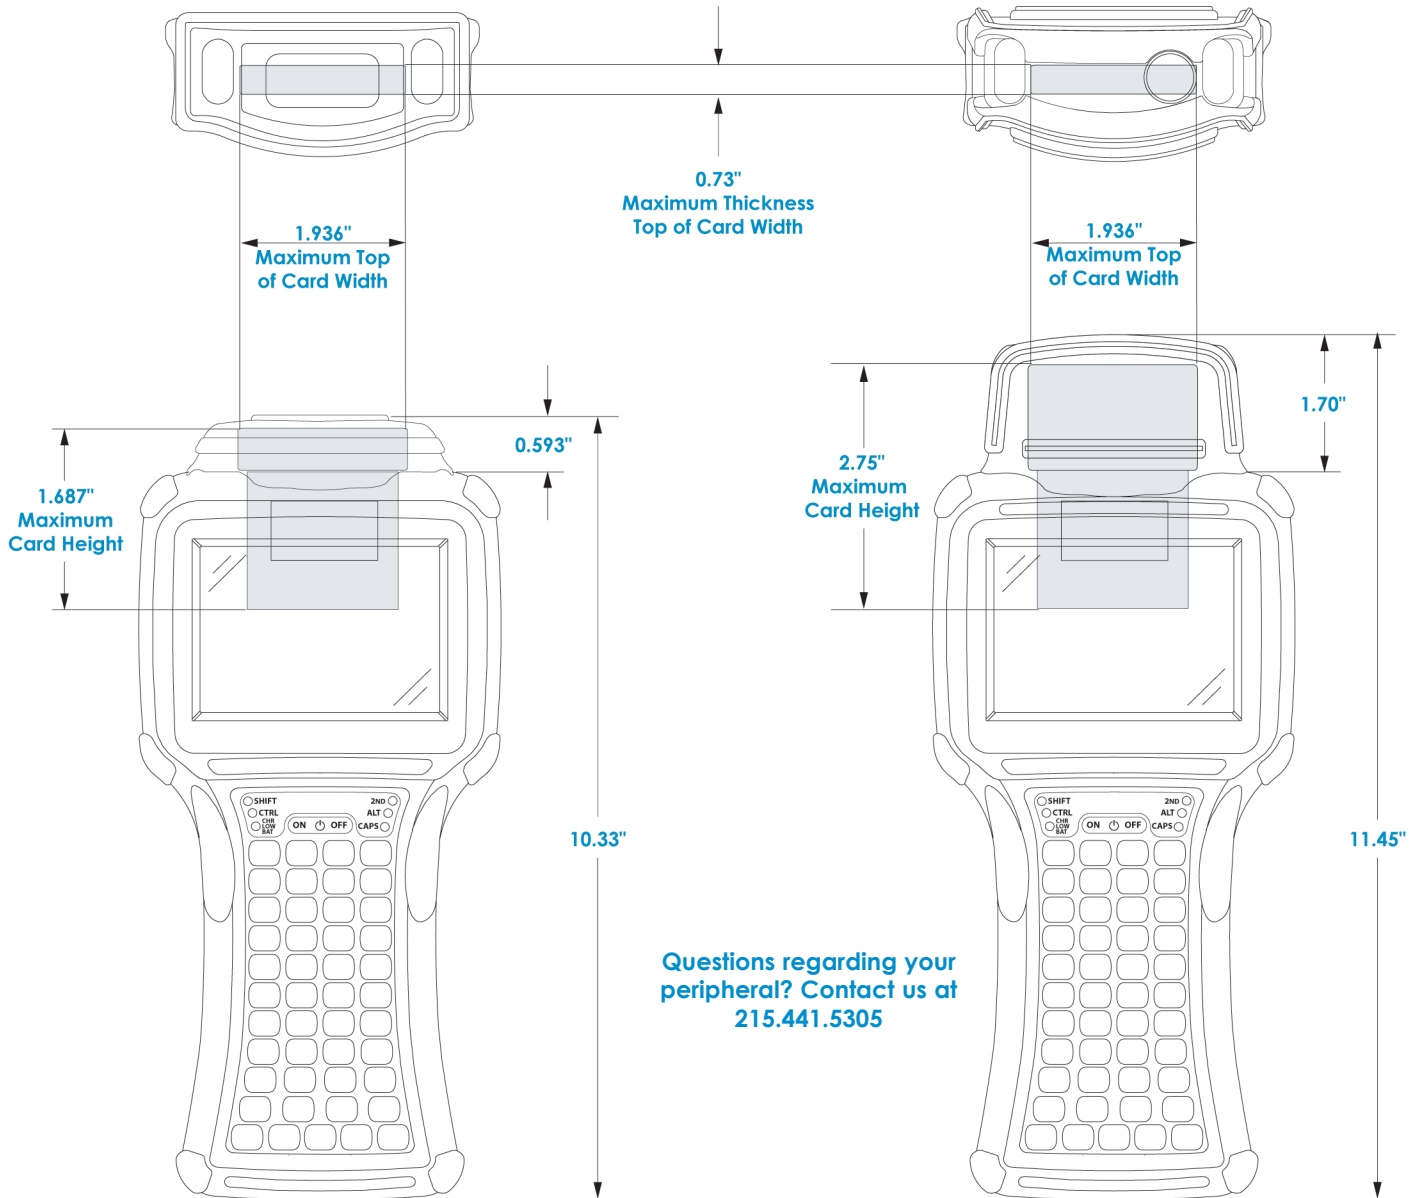

Audio pass through connector (optional).
