# PDS™ & PDS Battery™

Customization Workbook

Thank you for downloading the customization booklet for the PDS™. Our objective is to supply you with the highest quality hand held computer products available–with all the custom features required for your unique application.

This workbook provides easy-to-use templates to customize the PDS for your application. To get started, just fill in your name and contact information and let the customization begin! If you have questions, just give us a call at 215.441.5305 and ask for Customer Service. No question is too simple when it comes to creating your masterpiece.

If you will not be providing camera-ready artwork, please sketch in the desired graphics and return the appropriate sheets indicating the particular items to be customized. Two Technologies uses the Pantone Matching System® Colors (uncoated colors only) to match all colors. Pantone® color guides are available at virtually any art supply store, or our customer service team can help you in selecting colors that best match your product or corporate colors.

The following features are customizable on the PDS:

Case Color
Logo Tag
Keypad
On/Off Switch (Battery powered only)
Cables (Line powered only)
Serial Tag

We look forward to the opportunity to work with you on this project. Rest assured, we will provide you with a hand held computer you are proud to put your name on.

Layout Sample

Draw in your logo and indicate the PANTONE® color(s).

S.C.E ◊

Logo Tag

NOTE: Please provide us with camera-ready artwork if your corporate or product logo is required.

NOTE: You don't need to be the next Leonardo da Vinci. Just pick-up a pen or a pencil and jot down your ideas. When you're happy with your layout, just fax it over. We have graphic designers who will turn your sketches into a masterpiece!

EXAMPLE:

Pantone Color(s):

1. F1 = PMS 215
2. Text = Black
3. Bkgrd = PMS Cool Gray 3

Font & Point Size:

Times New Roman   24 Pt.
